## ABOUT ME

I am a motivated Frontend Developer skilled in React, JavaScript, and Tailwind CSS. During my internship at Droidor, I gained hands-on experience in building responsive UI, fixing bugs, and improving user experience. I enjoy learning new technologies and creating clean, user-friendly interfaces.

## EDUCATION

Virtual University | 2026 – Present

### BS Computer Science (Ongoing)

Pursuing a Bachelor's degree in Computer Science with focus on programming, web development, and software engineering.

Learning technologies like React, JavaScript, and responsive UI development.

Govt College | 2023 – 2025

### FA Information Technology

Completed intermediate studies in IT, covering programming, networking, and computer applications.

Built foundational skills for software development and problem-solving.

## WORK EXPERIENCE

Droidor | 2025 – Present

### Frontend Intern – Droidor

- Developed clean, responsive, and reusable UI components using React and Tailwind CSS.
- Improved website performance and user experience by fixing UI bugs and optimizing Layouts.
- Converted Figma designs into fully functional frontend pages with pixel-perfect accuracy.
- Integrated APIs and ensured smooth data flow across components.
- Collaborated with the design and development teams to ship new features on time.
- Followed best practices to write clean, maintainable, and scalable code.

## SKILLS

- |                     |                |                    |
|---------------------|----------------|--------------------|
| • React.js          | • Tailwind CSS | • API Integeration |
| • JavaScript (ES6+) | • HTML5        | • Git & GitHub     |
| • Bootstrap         | • JQuery       | • CSS              |
